

Kingsford Primary School at Alert Level 3

Kia ora parents and caregivers

The quick move to Alert Level 4, high volumes of testing for COVID in the community, extensive wastewater testing, huge numbers of New Zealanders being vaccinated (more than 2.8 million people have now received their first dose) and an amazing response by Aucklanders to follow the rules at Alert level 4, has given Government confidence that we might move to Alert Level 3 on Wednesday next week. Until then, we remain at Alert Level 4.

When we do move to Alert Level 3, you legally must stay within your household bubble unless for essential personal movement, including going to work and going to school.

All going well, we will be open on Wednesday next week, for only the small number of children who need to attend. As you imagine, it will not be school as we know it under Alert Level 2 or 1. All our usual safety precautions for Alert Level 3 will be in place which include following all the recommendations from the public health experts.

This means we will regularly clean and disinfect high-touch surfaces, encourage everyone to frequently wash their hands and cover their coughs and sneezes, and keep everyone physically distanced from others as much as possible (one metre inside and two metres outside). We will also keep school bubbles to no more than 10 students. These bubbles will not mix with other bubbles.

Our contact tracing systems will be in place, which includes our attendance register and visitor register, and we will be limiting staff onsite with the majority of our team working from home.

You can also assist everyone's safety by keeping your child at home if they are feeling unwell and please do contact your GP or Healthline, to seek advice about getting tested.

We will continue to support all children who remain learning from home, through our distance learning programme.

While we know how difficult it is trying to work from home as well as support your child's learning, please keep your child at home if there is an appropriate carer available. For those of you with no other option, we will look forward to seeing your child at school next week. **Teachers will be contacting you over the next couple of days to ascertain whether your child needs to be at school or not.**

We should be proud of how we have responded to this outbreak, but the mahi isn't yet done. As you have been doing, please continue to follow all the alert level requirements at Alert Level 4 and stay at home. It is the best tool we have to keep our whānau and community safe.

Ngā mihi

Chris Williams
Principal
